

BPeSA AWARDS

BPeSA (Business Process enabling South Africa) is the national coordinating association representing the Call Centre industry of South Africa.

The organisation is supported by the Department of Trade and Industry and their overriding aim is to deliver a national coordinated support service to the industry to enable development, growth and continued success.

At their annual awards evening held in Durban in October 2009, BPeSA awarded our Holiday Club Reservations call centre as one of the top 2 call centres in KZN.

We are proud of this great achievement and congratulate the team and management for receiving this prestigious award.
