

BEEKMAN
GROUP

EMPLOYER OF CHOICE

The Beekman Group is a proudly South African and multi award-winning leisure property development and management company based in Port Shepstone, KZN. The Beekman Group includes various operating and investment divisions that cover commercial, residential and vacation ownership sectors. With various property investments and the active management of 30 resorts in four countries, it's no wonder that we are seen as one of the leaders in the South African leisure industry.

"Since our Head Office is based in Port Shepstone, KwaZulu-Natal, away from the traditional city centres, the area creates a great lifestyle opportunity for staff to work and live and it shows in our retention rates."

With over 700 staff countrywide and at the Head Office, more than 60% of the groups' employees have been with the group for five years or more (that's 452 employees!). Of these, 248 employees have been with the group for 10 years or more, while 52 employees have over 20 years service!

We are looking to recruit and retain employees who are highly motivated, with an aptitude to work as part of a team, show high levels of commitment and above all have a dedication, drive and passion within themselves to excel.
